BACHELOR OF SCIENCE
Cybersecurity

Without strong cybersecurity measures, digital information and systems are constantly at risk. That's why ODU's online Bachelor of Science (B.S.) in Cybersecurity equips future leaders with the skills to drive innovation and the expertise to build trusted digital systems. Through this program, you'll gain in-demand proficiencies to protect computer systems, networks and data from cyber threats.

PROGRAM HIGHLIGHTS

- ODU holds all National Security Agency Center of Academic Excellence (CAE) designations: Cyber Operations (CAE-CO), Cyber Defense (CAE-CD), and Cyber Research (CAE-R)

- Gain expertise from multiple disciplines, including computer engineering, information technology, modeling and simulation engineering, criminal justice, and philosophy

- Ranked #7 Best Online Bachelor's Degrees in Cybersecurity by Forbes Advisor (2024)

- Learn from faculty engaged in cutting-edge cybersecurity research and build your résumé with internship opportunities or entrepreneurial projects

- Save time and money by earning credit through military experience, portfolio review, CLEP, DANTE and departmental exams

- Students can advance their careers by continuing with our online MS in Cybersecurity
